"Georgia Pritchett is a singularly hilarious person. Her book is a delightful and perfect reflection of her. Its tenderness sneaks up on you and really packs a punch.

What a magnificent read!"—Julia Louis Dreyfus Jenny Lawson meets Nora Ephron in this joyful memoir-in-vignettes on living—and thriving—with anxiety from a multiple Emmy Award-winning comedy writer whose credits include Succession and Veep. When Georgia Pritchett found herself lost for words—a bit of a predicament for a comedy writer—she turned to a therapist, who suggested she try writing down some of the things that worried her. But instead of a grocery list of concerns, Georgia wrote this book. A natural born worrywart, Georgia's life has been defined by her quirky anxiety. During childhood, she was agitated about the monsters under her bed (Were they comfy enough?). Going into labor, she fretted about making a fuss ("Sorry to interrupt, but the baby is coming out of my body," I said politely). Winning a prestigious award, she agonized over receiving free gifts after the ceremony (It was an excruciating experience. Mortifying). Soul-baring yet lighthearted, poignant yet written with a healthy dose of self-deprecation, My Mess Is a Bit of a

Life is a tour through the carnival funhouse of Georgia's life, from her anxiety-ridden early childhood where disaster loomed around every corner (When I was little I used to think that sheep were clouds that had fallen to earth. On cloudy days I used to worry that I would be squashed by a sheep), through the challenges of breaking into an industry dominated by male writers, to the exquisite terror (and incomparable joy) of raising children. Delightfully offbeat, painfully honest, full of surprising wonders, and delivering plenty of hilarious, laugh-out-loud moments, My Mess Is a Bit of a Life reveals a talented, vulnerable, and strong woman in all her wisecracking weirdness, and makes us love it—and her—too.

A Best Book of the Year: NPR and Boston Globe Finally a novel that puts the "pissed" back into "epistolary." Jason Fitger is a beleaguered professor of creative writing and literature at Payne University, a small and not very distinguished liberal arts college in the

midwest. His department is facing draconian cuts and squalid quarters, while one floor above them the Economics Department is getting lavishly remodeled offices. His once-promising writing career is in the doldrums, as is his romantic life, in part as the result of his unwise use of his private affairs for his novels. His star (he thinks) student can't catch a break with his brilliant (he thinks) work Accountant in a Bordello, based on Melville's Bartleby. In short, his life is a tale of woe, and the vehicle this droll and inventive novel uses to tell that tale is a series of hilarious letters of recommendation that Fitger is endlessly called upon by his students and colleagues to produce, each one of which is a small masterpiece of high dudgeon, low spirits, and passive-aggressive strategies. We recommend Dear Committee Members to you in the strongest possible terms.

I Need a New Bum! U of Minnesota Press Izzy and her friends are SO EXCITED about their school trip. They're going camping and there'll be marshmallows and no washing and everything. But then WEIRD things start happening! There are howling sounds at night, and some sausages have gone missing, and it's nearly a full moon... But it's when

they see their new teacher's hairy legs that they KNOW! There's a werewolf on the school trip and they're all DOOMED! Another brilliantly funny longer read for the newly confident reader from the best-selling, award-winning, author-illustrator team, Pamela Butchart and Thomas Flintham.

Teacher Life Headline Review

Dear Mr Seed, I am sorry that Jack was not at school yesterday. He put on such a growth spurt in the night that none of his clothes fitted in the morning so I had to take him to the shops. Mrs R. Twenty-five years ago, newly qualified teacher Andy Seed moved to a remote village in the Yorkshire Dales with his wife Barbara, anticipating breathtaking views and the gentle simplicity of the countryside. The picturesque scenery did not disappoint. But life as a primary school teacher was anything but simple. With a classroom full of colourful characters whose capacity for misunderstanding was exceeded only by their enthusiasm and their ability to leave him incredulous, Andy fell in love with teaching and with village life. **ALL TEACHERS GREAT AND SMALL** tells the true story of Andy's first year at Cragthwaite Primary School - how he bravely negotiated the vagaries of the local dialect, made disastrous bids to provide a family home, naively and hilariously tried out new-fangled ideas in a school stuck in a 1950s time warp, and ultimately discovered a little part of England he was proud to call home. Warm, touching and very funny, *All Teachers Great and Small* transports you to a time that may be gone

but has never been forgotten.

'A frank, funny and long overdue ode to teachers and teaching' ADAM KAY The malodorous horrors of Sports Day. Bracing yourself for Parents' Evening. Refereeing teenage relationship dramas... From the age of eight, Ryan Wilson dreamed of being a teacher. This is the inside story of his time at the chalkface, from fresh-faced trainee with grand ideals to exhausted assistant head battling ever-changing demands. It is a tribute, too, to the colleagues who befriended him and to the students who inspired him.

Above all, it's about the lessons they taught him: how to be patient and resilient, how to live authentically and how to value every day.

'Hilarious, inspiring and so terrifyingly true'

Lucy Kellaway 'Delightfully frank and funny'

Jacqueline Wilson 'A hilarious love letter to teaching'

Christie Watson 'Funny, sensitive and clever' Victoria Derbyshire

Tom Rademacher wishes someone had handed him this sort of book along with his teaching degree: a clear-eyed, frank, boots-on-the-ground account of what he was getting into. But first he had to write it.

And as 2014's Minnesota Teacher of the Year, Rademacher knows what he's talking about. Less a how-to manual than a tribute to an impossible and

impossibly rewarding profession, *It Won't Be Easy* captures the experience of teaching in all its messy glory. The book follows a year of teaching, with each chapter tackling a different aspect of the job. Pulling no punches (and resisting no punch lines), he writes about establishing yourself in a new building; teaching meaningful classes, keeping students a priority; investigating how race, gender, and identity affect your work; and why it's a good idea to keep an extra pair of pants at school. Along the way he answers the inevitable and the unanticipated questions, from what to do with Google to how to tell if you're really a terrible teacher, to why "Keep your head down" might well be the worst advice for a new teacher. Though directed at prospective and newer teachers, *It Won't Be Easy* is mercifully short on jargon and long on practical wisdom, accessible to anyone—teacher, student, parent, pundit—who is interested in a behind-the-curtain look at teaching and willing to understand that, while there are no simple answers, there is power in learning to ask the right questions.

The ultimate compendium of the international and New York Times bestselling series, this fun omnibus features the complete content from all four books—*F in Exams*, *F for Effort*, *F this Test*, and *F in Exams: Pop Quiz*—plus more than 100 brand-new, sadly real, hilariously wrong student answers (Q: What is the role of a catalyst in a chemical reaction? A: It lists the cats involved). Also including bonus trivia in the form of "Stuff They Should Have Taught Us in

School" facts (did you know a sneeze can travel up to 100 MPH?), this A+ collection will amuse anyone facing down a test as well as those happy to have the classroom behind them.

Hopeful, hilarious musings and serious advice for new teachers from the formerly anonymous blogger behind Love, Teach. Every teacher will tell you the first years are the hardest, and even the most confident of the pack sometimes ask themselves, Am I cut out for this? Kelly Treleaven, the teacher and once-anonymous blogger behind Love, Teach, wants you to know that you're not alone, and that yes, she has cried under her desk, too. Treleaven's blog has become a sensation in the education world, known for its heartfelt, high-spirited dispatches straight from the trenches and its practical advice. In Treleaven's debut book, she gives rookie teachers the advice she wishes she'd had when she started out in a large district in Houston. From logistical questions like how to prep and organize a classroom, to deeper issues like how to build relationships with students, navigate administration, and avoid burnout, Love, Teach is an essential book for anyone working in education today or considering the profession. With raw feeling, humor, and a razor-sharp perspective, Love, Teach supports teachers in their fight for a better future, and helps them

celebrate the victories, large and small.

There's a Werewolf In My Tent! Bloomsbury Children's Books

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-geniuses everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from

JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll.

"Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among *Grit's* most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal). *What If There Were No Teachers?* Penguin In James Patterson's heartwarming #1 New York Times bestseller, middle schooler Jamie Grimm faces bullying and self-doubt as he chases his dream to become the world's greatest comedian. Jamie Grimm is a middle schooler on a mission: he wants to become the world's greatest standup comedian--even if he doesn't have a lot to laugh

about these days. He's new in town and stuck living with his aunt, uncle, and their evil son Stevie, a bully who doesn't let Jamie's wheelchair stop him from messing with Jamie as much as possible. But Jamie doesn't let his situation get him down. When his Uncle Frankie mentions a contest called The Planet's Funniest Kid Comic, Jamie knows he has to enter. But are the judges only rewarding him out of pity because of his wheelchair, like Stevie suggests? Will Jamie ever share the secret of his troubled past instead of hiding behind his comedy act? Following the bestselling success of the hilarious Middle School, The Worst Years of My Life, James Patterson continues to dish out the funnies in another highly-illustrated, heartfelt middle school story. (Includes more than 175 black-and-white illustrations.)

F stands for "funny" in this perfect gift for students or anyone who has ever had to struggle through a test and needs a good laugh.

Celebrating the creative side of failure in a way we can all relate to, F in Exams gathers the most hilarious and inventive test answers provided by students who, faced with a question they have no hope of getting right, decide to have a little fun instead. Whether in science (Q: What is the highest frequency noise that a human can register? A: Mariah Carey), the humanities (Q: What did Mahatma Gandhi and Genghis Khan have in common? A: Unusual names), math, or other subjects, these 250 entries prove that while

everyone enjoys the spectacle of failure, it's even sweeter to see a FAIL turn into a WIN.
