Amidst the turmoil of political revolution, the stage directors of twentieth-century Russia rewrote the rules of theatre making. From realism to the avant-garde, politics to postmodernism, and revolution to repression, these practitioners shaped perceptions of theatre direction across the world. This edited volume introduces students and practitioners alike to the innovations of Russia's directors, from Konstantin Stanislavsky and Vsevolod Meyerhold to Anatoly Efros, Oleg Efremov and Genrietta Ivanovskaia. Strongly practical in its approach, *Russian Theatre in Practice: The Director's Guide* equips readers with an understanding of the varying approaches of each director, as well as the opportunity to participate and explore their ideas in practice. The full range of the director's role is covered, including work on text, rehearsal technique, space and proxemics, audience theory and characterization. Each chapter focuses on one director, exploring their historical context, and combining an examination of their directing theory and technique with practical exercises for use in classroom or rehearsal settings. Through their ground-breaking ideas and techniques, Russia's directors still demand our attention, and in this volume they come to life as a powerful resource for today's theatre makers.

Charlie Horse has very set ideas of just how his pub should be run. No food (apart from crisps and nuts) and very definite ideas about what kind of customers are welcome in his hostelry. Unbeknown to Charlie however, there is something very odd indeed going on in "The Bucket and Shovel", and for just this once, Charlie is going to be the last person to find out. Because very shortly, an inspector is going to call...Please note this is a short story and is quite difficult to categorise - there are slight elements of fantasy (although it has a contemporary setting) as well as a smattering of mystery, and also is intended to have a slight Pratchettesque feeling to it. This short story is also available in the "Paul McCartney's Coat and Other Stories" collection, along with nine other tales, and is available to purchase separately.

Exercises, objectives, and key terms put directing precepts to a practical test, revealing what is significant about each phase of the process. Over eighty charts, graphs, and photographs unite to exemplify the text. With a fresh voice and an engaging writing style, Patterson provides insightful questions, suggestions, and illustrations that define and invoke contemplation about the role of the director. Three original short plays provide the opportunity for hands-on analysis and the application of practical concepts. In a final essay, Patterson highlights the function and growing artistry of the director in the modern and postmodern theatre by concisely examining the history of the director.
