Ever since its original
publication in Germany in 1938,
Max Schweidler's Die
Instandsetzung von
Kupferstichen, Zeichnungen,

Buchern usw. has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler discusses.

This book examines the

events surrounding the establishment of a settlement in West Africa in 1787, which was later to become Freetown, the present-day capital of Sierra Leone. It outlines the range of ideas and attitudes to Africa which underlay the foundation of the settlement, and the part played by the black settlers themselves, London's Black Poor. Was the settlement based on a racist deportation designed to keep Britain white (as some accounts claim), or a voluntary emigration in which the blacks themselves

played a part?

The British Magazine and Monthly Register of Religious and Ecclesiastical Information, Parochial

History, and Documents Respecting the State of the Poor, Progress of Education, &c ISD LLC The U. S. Secretary of the Army appointed the Fort Hood Independent Review Committee(FHIRC or Committee) and directed it to "conduct a comprehensive assessment of the Fort Hoodcommand climate and culture, and its impact, if any, on the safety, welfare and readiness of

our Soldiers and units." In addressing this mandate, the FHIRC determined that during the time period covered by the Review, the command climate relative to the Sexual Harassment/Assault Response and Prevention (SHARP) Program at Fort Hood was ineffective, to the extent that there was a permissive environment for sexual assault and sexual harassment. As set forth

in this Report, specific Findings demonstrate that the implementation of the SHARP Program was ineffective. During the review period, no Commanding General or subordinate echelon commander chose to intervene proactively and mitigate known risks of high crime, sexual assault and sexual harassment. The result was a pervasive lack of confidence in the SHARP Program and an unacceptable lack of

knowledge of core SHARP components regarding reporting and certain victim services. Under a structurally weak and under-resourced III Corps SHARP Program, the Sexual Assault Review Board (SARB) process was primarily utilized to address administrative and not the actual substantive aspects of the Program. While a powerful tool by design, the SARB

process became a missed opportunity to develop and implement proactive strategies to create a respectful culture and prevent and reduce incidents of sexual assault and sexual harassment. From the III Corps level and below, the SHARP Program was chronically under-resourced, due to understaffing, lack of training, lack of credentialed SHARP

professionals, and lack of funding. Most of all, it lacked command emphasis where it was needed the most: the enlisted ranks. A resonant symptom of the SHARP Program's ineffective implementation was significant underreporting of sexual harassment and sexual assault. Without intervention from the NCOs and officers entrusted with their health and safety, victims feared

the inevitable consequences of reporting: ostracism, shunning and shaming, harsh treatment, and indelible damage to their career. Many have left the Army or plan to do so at the earliest opportunity. As part of the command climate, the issues of crime and Criminal Investigation Division (CID) operations were examined. The Committee determined

that serious crime issues on and off Fort Hood were neither identified nor addressed. There was a conspicuous absence of an effective risk management approach to crime incident reduction and Soldier victimization. A military installation is essentially a large, gated community. The Commander of a military installation possesses a wide variety of options to

proactively address and mitigate the spectrum of crime incidents. Despite having the capability, very few tools were employed at Fort Hood to do so. Both the Directorate of Emergency Services (DES) and the CID have a mandate and a role to play in crime reduction. Each contributed very little analysis, feedback and general situational awareness to the command

toward facilitating and enabling such actions. This was another missed opportunity. The deficient climate also extended into the missing Soldier scenarios, where no one recognized the slippage in accountability procedures and unwillingness or lack of ability of noncommissioned officers (NCOs) to keep track of their subordinates. The

absence of any formal protocols for Soldiers who fail to report resulted in an ad hoc approach by units and Military Police (MP) to effectively address instances of missing Soldiers during the critical first 24 hours, again with adverse consequences. Consistent with the FHIRC Charter, this Report sets forth nine Findings and offers seventy Recommendations.

The History of the Saints, Or, An Exposé of Joe Smith and Mormonism Before Queen Anne's reign had even begun, rival factions in both Church and State were jostling for position in her court. Attempting to follow a moderate course, the new monarch and her advisors had to be constantly wary of the attempts of extremists on

both sides to gain the upper hand. The result was a see-saw period of alternating influence that has fascinated historians and political commentators. In this engaging new study, Barry Levis shows that although both parties claimed to be in support of the Church, their real aim was advancing their respective political positions. Uniting close analysis of Queen Anne's changing policies towards dissenters, occasional conformity and church

appointments with studies of the careers of several prominent churchmen and politicians, Levis paints a gripping picture of competing religious values and political ambitions. Most significantly, he shows that, far from being restricted to the church and political elites, these conflicts were to have a cascading influence on the division of the country long after the Queen's reign ended.

The Tongue and Quill has

been a valued Air Force resource for decades and many Airmen from our Total Force of uniformed and civilian members have contributed their talents to various editions over the years. This revision is built upon the foundation of governing directives and user's inputs from the unit level all the way up to Headquarters Air Force. A small team of Total Force Airmen from the Air University, the United States Air Force Academy, Headquarters Air Education and Training Command (AETC), the Air Force Reserve Command (AFRC),

Air National Guard (ANG), and Headquarters Air Force compiled inputs from the field and rebuilt The Tongue and Quill to meet the needs of today's Airmen. The team put many hours into this effort over a span of almost two years to improve the content, relevance, and organization of material throughout this handbook. As the final files go to press it is the desire of The Tongue and Quill team to say thank you to every Airman who assisted in making this edition better; you have our sincere appreciation!

This Handbook is designed to assist Army Commanders in taking proper immediate action when faced with a variety of legal issues that might arise during your command. The purpose of your actions should

be to preserve the legal situation until you can consult with your servicing Judge Advocate. However, like most aspects of your command responsibilities, you can fail if you just wait for things to come to you. You need to be proactive in preventing problems before they occur. In the legal arena, this means establishing and enforcing high standards, ensuring

your Soldiers are fully aware of those standards and properly trained to comply with them. You must also properly train your Soldiers on all Army policies and higher level command standards so that they also understand and comply with them. Soldiers must also be well-versed in the Army Values and be able to apply those values to real- world situations, which will usually keep

them well within legal bounds.
