Astrobiology: Future Perspectives Soho Press

Rarely in a lifetime does a new spiritual classic appear that has the power to change people's lives and transform future generations. This is such a book. The Essence of the Bhagavad Gita Explained by Paramhansa Yogananda shares the profound insights of Paramhansa Yogananda, author of Autobiography of a Yogi, as remembered by one of his few remaining direct disciples, Swami Kriyananda. This revelation of India's best-loved scripture approaches it from an entirely fresh perspective, showing its deep allegorical meaning and also its down-to-earth practicality. The themes presented are universal: how to achieve victory in life in union with the divine; how to prepare for life's "final exam," death, and what happens afterward; how to triumph over all pain and suffering. This book is itself a triumph. Swami Kriyananda worked with Paramhansa Yogananda in 1950 while the Master completed his commentary. At that time Yogananda commissioned him to disseminate his teachings world-wide. Kriyananda has in his lifetime lectured,

taught, and written eighty-five books based on Yogananda's teachings. The Essence of the Bhagavad Gita, Kriyananda's eighty-sixth book, is the crowning achievement of his highly productive life. In this, his masterpiece, he declares, "Yogananda's insights into the Gita are the most amazing, thrilling, and helpful of any I have ever read."

Prayer Psychology Press

The historical tales of Karyn Monk are filled with unforgettable romance and her own special brand of warmth and humor. Now love casts its spell in the Highlands, as a warrior seeks a miracle from a mysterious lady of secrets and magic.... The Witch and the Warrior Suspected of witchcraft, Gwendolyn MacSween has been condemned to being burned at the stake at the hands of her own clan. Yet rescue comes from a most unlikely source. Mad Alex MacDunn, laird of the mighty rival clan MacDunn, is a man whose past is scarred with tragedy and loss. His last hope lies in capturing the witch of the MacSweens--and using her magic to heal his dying son. He expects to find an old hag....Instead he finds a young woman of unearthly beauty. There's only one problem: Gwendolyn has no power to bewitch or to heal. Now she must pretend to be a sorceress--or herself perish. But can she use her common sense to save Alex's son, and her natural powers as a woman to enchant a fierce and handsome Highland warrior--before a dangerous enemy destroys them both?

Wake Up and Smell the Coffee Allied Publishers

When Buchanan entered the White House in March 1857, he seemed well positioned to accomplish his main objectives. A canny and seasoned politician from Pennsylvania with a reputation for moderation on slavery-related issues, Buchanan had a straightforward agenda: the amelioration of sectional tensions, the promotion of American prosperity, and the extension of the Democrats' control of the federal government. Four years later, Buchanan left Washington convinced that he had done his best and accomplished much. In fact, he left behind a shattered Democratic party, a new Republican president, Abraham Lincoln, and a ruptured Union. Except for a cadre of faithful Pennsylvania friends, Buchanan's reputation lay in ruins. He has

consistently been ranked among the least effective presidents in American history.

Deleuze and Asia S. Chand Publishing

The traditional understanding of Shiva told through stories and teachings from the Shiva Mahapurana • Explains Shiva's contradictory forms, such as destroyer or benefactor, and how his form depends on the needs of the devotee • Reveals how Shiva's teachings allow one to see through the illusions at the root of all grief and alienation in human life • Explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya Shiva, the most ancient and complex deity of the Hindu pantheon, has been portrayed in many contrasting lights: destroyer and benefactor, ascetic and householder, wild demon slayer and calm yogi atop Mount Kailash. Drawing from the Hindu sacred text the Shiva Mahapurana--said to be written by Shiva himself--Vanamali selects the essential stories of Shiva, both those from his dark wild side and those from his benevolent peaceful side. Vanamali discusses Shiva's many avatars such as Shambunatha and Bhola, as well as Dakshinamurti who taught the shastras and tantras to the rishis. She explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya. Examining Shiva's acceptance of outsiders, Vanamali explains why ghosts and ghouls are his attendants and why his greatest devotees are demon kings, like Ravana. She includes famous Shiva stories such as the Descent of the River Ganga and Churning the Milky Ocean as well as those that reveal the origin of the festival of lights, Diwali; his creation of the cosmic couple, or hierogamos; and how Shiva and Parvati taught the world the secrets of Kundalini Shakti. The author also draws upon Shaivite teachings to illustrate the differences between Western science and Vedic science and their explanations for the origins of consciousness. Integrating Shiva's two sides, the fierce and the peaceful, Vanamali reveals that Shiva's form depends on the needs of the devotee. Understanding his teachings allows one to see through the illusions at the root of all grief and alienation in human life, for Shiva is the wielder of maya who does not fall under its spell. While Ganesha is known as the remover of obstacles, Shiva is the remover of tears.

ASPEN Enteral Nutrition Handbook Pearson

Screening Methods in Pharmacology provides an up to-date and concise account of in vivo methods used in the pharmacological screening of important categories of clinically useful drugs. It also encompasses the basic principles of animal experimentation and current advances leading to the use of transgenic animals, combinatorial chemistry, high throughput screening, pharmacogenomics, proteomics and array technology. The methods used for the detection of pharmacological effects of potential drugs on the CNS, CVS, endocrines, respiratory tract and immunomodulation have been described in adequate details with cross references for further studies and comprehension. The book is expected to be extremely useful for postgraduates in pharmacology from all disciplines and for the scientists engaged in the drug discovery research programmes.

India, That Is, Sidd Cambridge Scholars Publishing

This incredible autobiography of Christiane F. provides a vivid portrait of teen friendship, drug abuse, and alienation in and around Berlin's notorious Zoo Station. Christiane's rapid descent into heroin abuse and prostitution is shocking, but the boredom, longing for acceptance, thrilling risks, and even her musical obsessions are familiar to everyone. Previously published in Germany and the US to critical acclaim, Zest's new translation includes original photographs of Christiane and her friends.

Public Relations Destiny Image Publishers

This book presents the core of Bhagavan's teaching in a highly readable manner. With regard to why any investigation into the meaning of life might be desirable, it begins, " 'Are you happy?' When you reply with the counter question, 'What is happiness?' that means you have already observed how brittle, how transient and short-lived your so-called happiness is." Thus starts the investigation into the true nature of your Being, which is itself Happiness. There is an excellent explanation here of using the gap

between sleeping and waking as an opportunity to have "one foot" in Pure Consciousness and one in wakefulness; to access the thoughtlessness of deep dreamless sleep from the recognition available in the waking state.

Mazeppa Music Sales Amer

An introduction to Public Relations that focuses on ethical, productive relationships with strategic constituencies REVEL™ for Public Relations: A Values-Driven Approach introduces students to public relations, defined as the management of relationships between an organization and the publics important to its success. Authors David Guth and Charles Marsh outline the profession's common issues, trends, and techniques, and help students to place the profession within the context of its role in the conduct of a civil society. In order to help students understand the contemporary state of the field, REVEL for the Sixth Edition offers the most up-to-date statistics, the latest research, and the most current examples of public relations practice. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience – for less than the cost of a traditional textbook. NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL.

Paintings & Writings Simon and Schuster

Do you wonder how movies – sequences of static frames – appear to move, or why 3-D films look different from traditional movies? Why does ventriloquism work, and why can airliner flights make you feel disoriented? The answers to these and other questions about the human senses can be found within the pages of Foundations of Sensation and Perception. This third edition maintains the standard for clarity and accessibility combined with rigor which was set in previous editions, making it suitable for a wide range of students. As in the previous editions, the early chapters allow students to grasp fundamental principles in relation to the relatively simple sensory systems (smell, taste, touch and balance) before moving on to more complex material in hearing and vision. The text has been extensively updated, and this new edition includes: a new chapter devoted to attention and perception over 200 new references over 30 new figures and improved, more colorful, visual presentation a new companion website with a range of resources for students and lecturers The

book contains a range of pedagogical features, including tutorial sections at the end of each chapter. This distinctive feature introduces areas of the subject which are rarely included in student texts, but are crucial for establishing a firm foundation of knowledge. Some tutorials are devoted to more advanced and technical topics (optics, light measurement, Bayesian inference), but treated in an accessible manner, while others cover topics a little outside of the mainstream (music perception, consciousness, visual art). Foundations of Sensation and Perception will enable the reader to achieve a firm grasp of current knowledge concerning the processes that underlie our perception of the world and will be an invaluable resource for those studying psychology, neuroscience, and related disciplines.

Ligeia Bantam

In 1989, during a routine interview for top-secret security clearance, U.S. Army Colonel Margarethe Cammermeyer revealed that she was a lesbian-and began an ordeal that, despite her distinguished twenty-six-year military career, resulted in her discharge from the U.S. Army. Her dismissal garnered intense media coverage. stirred debate all the way to the presidency, and ignited her activism that continues today. In this revealing autobiography, Cammermeyer writes of her decision to challenge the official policy on homosexuals in the military and of her victory in Federal District Court and beyond. But much more than a book about laws and politics, *Serving in Silence* is about coming of age, being a mother, and finding one's center; about "coming out," about the daily horrors of nursing in Vietnam, and about a female soldier's brave life. THE BOOK THAT INSPIRED THE TELEVISION MOVIE Though Dr. Cammermeyer's twenty-six year career as an Army nurse was interrupted by her discharge, she continued to care for veterans at a VA hospital until her retirement. She lives on Whidbey Island, WA with her spouse Diane Divelbess and continues to speak out on civil right issues. VIETNAM VETERAN RECIPIENT OF THE BRONZE STAR MOTHER OF FOUR VA NURSE OF THE YEAR DISCHARGED

Tiantai Lotus Texts Alpha Science International Limited

From time immemorial, men have trembled and withered before the power

of the femme fatale. "Ligeia" is a story about a man, whose meeting with a strange, beautiful, and overly intellectual woman in an old city borders on the supernatural and even further into the realms of the unknown. Touching upon subjects like forbidden knowledge and bizarre beauty, Poe's story serves as an example of what awaits men who are easily led astray and then lost in the labyrinthine vistas of female beauty. Famous movie adaptations include Alfred Hitchcock's "Vertigo" (1958) and Roger Corman's "The Tomb of Ligeia" (1964). Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

Vedanta Magazine

"The Cultural Revolution had transformed me into a devil," writes Zhai. In 1966, at age 15, she led a Red Guard brigade that tortured Chinese citizens branded counterrevolutionaries. She beat innocent people to death and had others exiled; her squad raided homes and murdered people. Now a professor of engineering in British Columbia, Zhai expresses remorse and guilt rather perfunctorily, and her cool confession is tinged with rationalizations. She blames the flourishing of her "evil, barbaric side" on her blind faith in Chairman Mao. Her fervor gave way to bitter disillusionment when she herself was banished to the countryside in 1969 to do three years of hard labor and be "re-educated" by peasants. This is a grisly account of how political brainwashing can induce converts to commit monstrous acts.

The Essence of the Bhagavad Gita

Interest in the French philosopher Gilles Deleuze has grown exponentially over the last two decades, and, in recent years, Asian scholars have come to see rich possibilities for developing his thought within an Asian context. In this, the first collection devoted to Deleuze and Asia, several Asian and Western scholars explore Deleuzian themes and concepts in areas ranging from philosophy and religion to new media studies, cultural studies, theater, architecture, painting, film, and literature. Topics addressed include: onto-aesthetics in Deleuze and Taoism;

Deleuzian univocity of being and the Original Enlightenment Thought of Mahāyāna Buddhism; Leibnizian and Bergsonian influences in Deleuze and the Japanese philosopher Nishida; Deleuze's theater of philosophy and its parallels in Beijing Opera, Kathakali Dance Drama and Nō Theater; Deleuze's concept of the fold and sonic space in Asian architecture; the fold and visual space in Hokusai's "Thirty Six Views of Mount Fuji"; the Walkman, contemporary Japanese anomie and Deleuzian nomadism; Deleuzian "faciality" and the cultural politics of facial images in Korean beauty pageants; the 2011 Taiwanese film Warriors of the Rainbow: Seediq Bale and the Deleuzian concepts of the minor and the people to come; Deleuzian haecceities, affects and fragmented spaces in the films of Lou Ye and Wong Kar-wai; the Nu Shu writing system - the only writing system developed exclusively by women - and the formation of a female people to come; and Deleuzian minor literature and its relationship to globalization, nationalism and regionalism in Asian literature. These essays map new directions in East-West research that promise to invigorate Asian studies and disclose hitherto unrecognized dimensions of Deleuze's thought.
