For many men, middle age arrives too fast and without due warning. One day you are young, free and single; the next you are bald, fat and washed-up, with weird tendrils of hair growing out of your ears. None of it seems fair. With age should

come dignity and respect, but instead everyone makes tired jokes about buying a motorbike. Marcus Berkman isn't having it. Having marked his fiftieth birthday by hiding under the duvet for six weeks, the author of the cricket classics *Rain Men* and *Zimmer Men* is now determined to find some light in the all-consuming darkness. Musing over birth, death and all the messy stuff in between, he concludes that however dreadful you look in the mirror today, it will be much worse in ten years' time. His brutally candid despatch from the frontline is not for the faint-hearted, which is to say anyone under thirty-five.

A Better Man cracked me wide open, and it's a template for the conversation we need to be having with our boys. Often hilarious, always honest and with a lot less swearing than the author intended, *Fatherhood* is a first-hand account of the journey from 'not that bothered' about kids, to the first birthday party. Delving into why some men are wary of having children, what they think is going to happen when they do, and what really happens when they get on with it, *Fatherhood* is an entertaining and

informative read for all would-be parents.

[Christian Fatherhood](#) Penguin Dear Prospective Book Buyer, Publishing types tell me that if you're reading this, it means you're looking for a reason to buy this book. Personally, I think the eye-catching cover shot of me in my pajamas is reason enough. (By the way, those are my real kids on the cover, and yes, those are my actual ankles. No, I'm not retaining water.) What you're holding in your hands is a very funny and sometimes remarkably poignant look at fathers, not from the mother's point of view or the child's, but from the dad's side. Which is why it's called *Tales from the Dad Side*. It's filled with stories of what it's like to be a dad and a son, from a child's first day of kindergarten to the awkward sex talk and right up to the day the always-practical dad tries to pay for college with bonus miles. I was there

for every landmark in my children's lives, except the day I was on the riding lawn mower and missed my son's first words, which my wife insists were "trust fund." As children get older, the lessons of the father get harder, like teaching my son how to shave just as my father taught me, with a rusty double-edged safety razor. At the end of my dad's lesson, I emerged from the bathroom nicked and gouged, looking like an extra from a Quentin Tarantino film. My more civilized son is a Norelco man. With my high-school-age daughters, I promised them a day on which I'd take them anywhere and do anything with them they wanted, expecting them to ask for dinner and a movie; I was horrified when they told me they wanted all of us to get manicures and pedicures together. That was not the answer I was expecting; it was like discovering Lou Dobbs

was an illegal alien. Over the course of raising three children, I have learned with my wife that fathers are different from mothers. That could be the greatest understatement since Noah turned on the Weather Channel and found out that the next forty days called for a 20 percent chance of light rain. The truth is, fatherhood is like Wikipedia: some parts based in fact, others just made up along the way. And while bookstores are filled with tales of mothers, their children and families, there are few from the dad's side. Now, as a public service, I'm doing my part to right this wrong. I sincerely hope this answers your questions. If perhaps it's not exactly your cup of tea, I bet you've got a father or mother in your life who'd like the stone-cold truth about dads. Besides, for the same money, you can either put three gallons of gas in your car or take home this book,

Volume 62 Sermons 3493-3544 Charles Spurgeon (19 June 1834 – 31 January 1892) is one of the church 's most famous preachers and Christianity 's foremost prolific writers. Called the " Prince of Preachers, " he was one of England's most notable ministers for most of the second half of the nineteenth century, and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world, and his many printed works have been cherished classics for decades. In his lifetime,

Spurgeon preached to more than 10 million people, often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel (later the Metropolitan Tabernacle) in London for 38 years. He was an inexhaustible author of various kinds of works including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian

literature. Edward Walford wrote in *Old and New London: Volume 6* (1878) quoting an article from the *Times* regarding one of Spurgeon's meetings at Surrey:

“Fancy a congregation consisting of 10,000 souls, streaming into the hall, mounting the galleries, humming, buzzing, and swarming—a mighty hive of bees—eager to secure at first the best places, and, at last, any place at all. After waiting more than half an hour—for if you wish to have a seat you must be there at least that space of time in advance—Mr. Spurgeon ascended his tribune. To the hum, and rush, and trampling of men, succeeded a low, concentrated thrill and murmur of devotion, which seemed to run at

once, like an electric current, through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice, that its power and volume are sufficient to reach every one in that vast assembly; of his language, that it is neither high-flown nor homely; of his style, that it is at times familiar, at times declamatory, but always happy, and often eloquent; of his doctrine, that neither the 'Calvinist' nor the 'Baptist' appears in the forefront of the battle which is waged by Mr. Spurgeon with relentless animosity, and with Gospel weapons,

against irreligion, cant, hypocrisy, pride, and those secret bosom-sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself, that he impresses you with a perfect conviction of his sincerity. ” More than a hundred years after his death, Charles Spurgeon ’ s legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to publish the complete works of Charles Spurgeon.

The Unitarian Lulu.com “Magical prose stylist” Michael Chabon (Michiko Kakutani, New York Times) delivers a collection of essays—heartfelt, humorous, insightful, wise—on the meaning of fatherhood. For the September 2016 issue of GQ, Michael Chabon wrote a piece about accompanying his son Abraham Chabon, then thirteen, to Paris Men’s Fashion Week. Possessed with a precocious sense of style, Abe was in his element chatting with designers he idolized and turning a critical eye to the freshest runway looks of the season; Chabon Sr., whose interest in clothing stops at “thrift-shopping for

vintage western shirts or Hermès neckties,” sat idly by, staving off yawns and fighting the impulse that the whole thing was a massive waste of time. Despite his own indifference, however, what gradually emerged as Chabon ferried his son to and from fashion shows was a deep respect for his son’s passion. The piece quickly became a viral sensation. With the GQ story as its centerpiece, and featuring six additional essays plus an introduction, Pops illuminates the meaning, magic, and mysteries of fatherhood as only Michael Chabon can.
