"Standardized Minds" dramatically shows how an unhealthy and enduring obsession with intelligence testing affects everyone. Drawing creative solutions from the headlines and front lines, Sacks demonstrates proven alternatives to such testing, and details a plan to make the American meritocracy legitimate and fair.

Standardized Minds

Knowledge Networks: Innovation Through Communities of Practice explores the inner workings of an organizational, internationally distributed Community of Practice. The book highlights the weaknesses of the 'traditional' KM approach of 'capture-codify-store' and asserts that communities of practice are recognized as groups where soft (knowledge that cannot be captured) knowledge is created and sustained. Readers will gain insight into a period the life of a distributed international community of practice by following the members as they work, meet, collaborate, interact and socialize.
