Internet access (this is required to validate and register your CD-ROM). Minimum 56K modem (required to connect to the iFinger web site to purchase other titles and to download software upgrades). Dictionnaire encyclopédique français allemand et allemand-français, français Langenscheidt South Asian languages are rich in linguistic diversity and number. This book explores the similarities and differences of about forty languages from the four different

language families (Austro-Asiatic, Dravidian, Indo-Aryan (Indo-European) and Tibeto-Burman (Sino-Tibetan)). It focuses on the syntactic typology of these languages and the high degree of syntactic convergence, with special reference to the notion of 'India as a linguistic area'. Several areas of current theoretical interest such as anaphora, control theory, case and agreement, relative clauses and the significance of thematic roles in grammar are discussed. The analysis presented has significant implications for current theories of syntax, verbal semantics, first and second language acquisition, structural language typology and historical linguistics. The book will be of interest to linguists working

on the description of South Asian languages, as well as syntacticians wishing to discover more about the common structure of languages within this region.

Benjamins Publishing
School Days (Chemin-
d ' Ecole) is a captivating
narrative based on Patrick
Chamoiseau ' s childhood in
Fort-de-France, Martinique. It is
a revelatory account of the
colonial world that shaped one
of the liveliest and most creative
voices in French and Caribbean
literature today. Through the
eyes of the boy Chamoiseau, we
meet his severe, Francophile
teacher, a man intent upon
banishing all remnants of Creole
from his students ' speech. This

domineering man is succeeded
by an equally autocratic teacher,
an Africanist and proponent of
“ Negritude. ” Along the way
we are also introduced to Big
Bellybutton, the class scapegoat,
whose tales of Creole heroes and
heroines, magic, zombies, and
fantastic animals provide a fertile
contrast to the imported French
fairy tales told in school. In prose
punctuated by Creolisms and
ribald humor, Chamoiseau
infuses the universal terrors, joys,
and disappointments of a
child ' s early school days with
the unique experiences of a
Creole boy forced to confront
the dominant culture in a

colonial school. School Days mixes understanding with laughter, knowledge with entertainment—in ways that will fascinate and delight readers of all ages.

Book2 Suomi - Saksa Aloittelijoille

The Stylistique compar é e du fran ç ais et de l'anglais has become a standard text in the French-speaking world for the study of comparative stylistics and the training of translators. This updated, first English edition makes Vinay & Darbelnet's classic methodology of translation available to a wider readership. The translation-oriented contrastive grammatical and stylistic analyses of the two languages are extensively

exemplified by expressions, phrases and texts. Combining description with methodological guidelines for translation, this volume serves both as a course book and through its detailed index and glossary as a reference manual for specific translation problems.
