One of the most paradoxical aspects of Cuban history is the coexistence of national myths of racial harmony with

lived experiences of racial inequality. Here a historian addresses this issue by examining the ways soldiers and politicians coded their discussions of race in ideas of masculinity during Cuba ' s transition from colony to republic. Cuban insurgents, the author shows, rarely mentioned race outright. Instead, they often expressed their attitudes toward racial hierarchy through distinctly gendered language—revolutionary masculinity. By examining the relationship between historical experiences of race and discourses of masculinity, Lucero advances understandings about how racial exclusion functioned in a supposedly raceless society. Revolutionary masculinity, she shows, outwardly reinforced the centrality of color blindness to Cuban ideals of manhood at the same time as it perpetuated exclusion of Cubans of African descent from positions of authority.

Este libro es un excelente resumen sobre el diseño de barcos de vela y está orientado, en particular, a condiciones de navegación con mal tiempo. Mediante exposiciones sencillas y precisas se va avanzando en los fundamentos del diseño, no obstante, la estructura del libro es tal que puede ser usado con diversos niveles de profundidad y combinarlo con otros estudios. En la obra se destacan conceptos fundamentales, especialmente los relacionados con la estabilidad y dinámica del barco en presencia de las olas. Se trata de establecer los criterios más adecuados en el diseño para

que el barco pueda soportar condiciones de muy mal tiempo, independientemente de la competencia de la tripulación. El libro está dividido en cuatro partes. La primera está dedicada a aspectos relacionados con el estado de la mar, es decir, las olas y el viento. En las dos siguientes partes del libro, estabilidad y dinámica, se abordan todos aquellos temas que intervienen en el diseño del barco. Finalmente, en la cuarta parte se estudian los efectos del mal tiempo sobre todos los aspectos anteriores, obteniendo las conclusiones pertinentes.

A Cuban Cinema Companion Nelson Thornes From 1895 to 1898, Cuban insurgents fought to free their homeland from Spanish rule. Though often overshadowed by the "Splendid Little War" of the Americans in 1898, according to John Tone, the longer Spanish-Cuban conflict was in fact more remarkable, foreshadowing the wars of decolonization in the twentieth century. Employing newly released evidence--including hospital records, intercepted Cuban letters, battle diaries from both sides, and Spanish administrative records--Tone offers new answers to old questions concerning the war. He examines the origin of Spain's genocidal policy of "reconcentration"; the causes of Spain's military difficulties; the condition, effectiveness, and popularity of the Cuban insurgency; the necessity of American intervention; and Spain's supposed foreknowledge of defeat. The Spanish-Cuban-American war proved pivotal in the histories of all three countries involved. Tone's fresh analysis will provoke new discussions and debates among historians and human rights scholars as they reexamine the war in which the concentration camp was invented, Cuba was born, Spain lost its empire, and America gained an overseas empire.

Fiftieth Anniversary Edition Translated from the Spanish by W. Nick Hill Introduction by William Luis Originally published in 1966, Miguel Barnett's Biography of a Runaway Slave provides the written history of the life of Esteban Montejo, who lived as a slave, as a fugitive in the wilderness, and as a soldier fighting against Spain in the Cuban War of Independence. A new introduction by one

of the most preeminent Afro-Hispanic scholars, William Luis, situates Barnet's ethnographic strategy and lyrical narrative style as foundational for the tradition of testimonial fiction in Latin American literature. Barnet recorded his interviews with the 103-year-old Montejo at the onset of the Cuban Revolution. This insurgent's history allows the reader into the folklore and cultural history of Afro-Cubans before and after the abolition of slavery. The book serves as an important contribution to the archive of black experience in Cuba and as a reminder of the many ways that the present continues to echo the past.

Una vez más, en el castillo de Blandings se ha reunido la flor y nata de los petimetres. Los que son y los que lo fueron. Monty Bodkin y Ronnie Fish constituyen una dignísima representación de la nueva generación, y Sir Galahad Threepwood, cariñosamente llamado Gally, llevó muy alto el pabellón de la frivolidad en su época. Tan alto que cuando a los cincuenta y siete se puso a escribir sus memorias, con pelos, señaletas y nombres, muchos nombres, una buena parte de la aristocracia inglesa se echó a temblar. Pero ahora Galahad ha decidido que no las publicará, a menos que lo obliguen. Por ejemplo, si sus hermanas Connie y Julia Fish, snobs militantes y recalcitrantes, insisten en impedir por todos los medios la boda de su sobrino Ronnie Fish con su antigua «chica de oro», que en los viejos tiempos fuera novia de Galahad. Y así, entre manuscritos robados y cerdas idolatradas — no olvidemos que en el castillo vive la célebre Emperatriz de Blandings, de rancia estirpe porcina —, Wodehouse ejercita su desternillante humor, entre el absurdo sarcástico y el sarcasmo absurdo, y los lectores pueden disfrutar durante más de doscientas páginas de ese incomparable paraíso perdido que es el castillo de Blandings, donde todo, siempre, termina en el más hilarante de los finales felices.

With the recent shift in Cuba-US relations stemming from the relaxing of travel restrictions and an influx of American visitors, interest in Cuba and its culture has increased substantially. A new emphasis has been placed on the island country's many cultural and artistic achievements, specifically in film. Cuban cinema is recognized around the world as having

produced some of the most celebrated works originating from Latin America—such as *Fresa y Chocolate* and *La Muerte de un Burócrata*—as well as many prominent artists—including directors Tomás Gutiérrez Alea and Humberto Solás. In *A Cuban Cinema Companion*, editors Salvador Jimenez Murguía, Sean O’Reilly, and Amanda McMenamin have assembled a collection of essays about more than 100 films across six decades, including feature films, documentaries, and animation. These entries also provide information on directors, actresses, and actors of Cuban cinema. Entries range from films like *Retrato de Teresa* to *Buena Vista Social Club* and include descriptions of each film’s plot, themes, and critical commentary, as well as comprehensive production details and brief suggestions for further reading. Beginning with the victory of the Cuban revolution—from the first ten years of what is often referred to as Cuba’s “Golden Age” of film to the present—this volume offers readers valuable insights into Cuban history, politics, and culture. An indispensable guide to one of the great world cinemas, *A Cuban Cinema Companion* will be of interest to students, academics, and the general public alike.

This is the first annotated dictionary of Chicano proverbs to be published, and the first to use standard folklore methodology. It is the result of a study of Mexican American folklore and folklife in the lower Rio Grande Valley of Texas, a major area of demographic and cultural concentration. Often called the wisdom of the folk, proverbs are perceived as traditional sayings with roots in oral folklore, and as such are considered useful as a way of making a potentially profound and culturally appropriate

statement in a common but difficult human situation.
