The effective and fun-filled way to teach spelling to elementary students The Spelling Teacher's Lesson-a-Day gives teachers 180 engaging and ready-to-use lessons-one for each day of the school year-that boost spelling skills in students grades 3-6. These lessons may be used as "sponge" or "hook" activities (five-minute lessons to start off each school day) or teachers may simply pick and choose activities from within the book for the occasional spelling lesson. Fry teaches spelling patterns by contrasting homophones (like-sounding words) to help students recognize these spelling patterns in more complex words. He also boosts students' spelling skills by demystifying contractions, abbreviations, capitalization, silent letters, suffixes and prefixes, and more. Offers an easy-to-use method for teaching spelling that has been proven to be effective Includes 180 ready-to-use, reproducible lessons-one for each day of the school year A new volume in the new series 5-Minute FUNDamentals This book is designed to be used by classroom teachers, homeschoolers, tutors, and parents.

"Gentry and Ouellette are cannonballing into the reading research pool, they're making waves, and these waves are moving the field of reading forward." --From the foreword by Mark Weakland, Super Spellers The past two decades have brought giant leaps in our understanding of how the brain works. But these discoveries--and all their exciting implications--have yet to make their way into most classrooms. With the concise and readable BrainWords, you will learn how children's brains develop as they become readers and discover ways you can take concrete steps to promote this critical developmental passage. Introducing their original, research-based framework of "brain words"--dictionaries in the brain where students store and automatically access sounds, spellings, and meanings--the authors offer a wealth of information that will transform your thinking and practice: Up-to-date knowledge about reading and neurological circuitry, including evidence that spelling is at the core of the reading brain Tools to recognize what works, what doesn't, and why Practical classroom activities for daily teaching and student assessment Insights about what brain research tells us about whole language and phonics-first movements Deepened understanding of dyslexia through the enhanced lens of brain science With the insights and strategies of BrainWords, you can meet your students where they are and ensure that more of them read well, think well, and write well.

[The Illustrated Book of Sounds and Their Spelling Patterns](#) Letterland

This book is appropriate for beginner readers and students of all abilities. The first five stories systematically introduce one short vowel at a time. The sixth story focuses on the digraphs: wh, th, sh, ch, and ck. The last story is cumulative and provides additional practice reading all the short vowel sounds. It also includes questions that give readers opportunities to engage with the text and interact with the author, instructor, or a fellow student. A phonics word study accompanies each story. Beginner readers and students of all abilities benefit from reading instruction that systematically introduces letters and letter groups. When readers learn phonics explicitly and in an orderly and methodical way, they can see how words can be consistent. With time and practice, they build a relationship with letters, letter groups, and words. This is how struggling readers' interest, skills, and confidence grow. Laurie Hunter has been teaching children of all abilities how to read using this systematic reading instruction since 2005. A reading instruction manual, other phonics stories, and 3-D visual aids are sold separately. *Cultivating Reading and Phonics Skills Instruction Manual by Laurie Hunter *Phonics Stories - Short Vowels - Level 1 *Phonics Stories - Long Vowels - Level 2 *Phonics Stories - The Other Vowel Sounds - Level 3 *Phonics Stories - Advanced Long and Short Vowel Patterns - Level 4 Fix-it Phonics Level 3 - Student Book 1 American Education Publishing

Pie Corbett' s ground-breaking Talk for Writing approach has been successfully used by thousands of schools to teach writing creatively in an engaging way that motivates children. Now Pie and Julia take this multi-sensory approach to Early Years settings introducing a simple way to inspire young children' s language development through storytelling. Children learn language through memorable, meaningful repetition. The Talk for Writing approach enables children to internalise the language of story so that they can imitate it, innovate on it and create their own effective stories independently. Talk for Writing in the Early Years will show you how to put rhyme and story at the heart of your work with children and parents so that young learners language development and creativity flourishes. This multimedia resource shows you how to: • Select a story or rhyme the children will enjoy and tell it engagingly, encouraging the children to join in • Use a story map so they can picture what happens • Use actions to reinforce meaning and emphasise key language patterns • Help children build a bank of tales, developing their linguistic repertoire The 2 OLCs contain: 1 Footage of Pie Corbett conferences with EY teachers showing Talk for Writing in action 2 Clips of nursery children engaged in the Talk for Writing approach 3 Advice on how to use the OLC and handouts to train all staff in the approach 4
